This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets or places run into it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 690 comes, turn to Main street and you find that Austin street runs from 602 right side, and Chandler street from 648, showing that No. 690 comes on the right side of Main street between Austin and Chandler.

BOSTON DAILY GLOBE.

A REPRESENTATIVE NEW ENGLAND JOURNAL,

Designed for both Business and Home Circles,

INDEPENDENT IN POLITICS AND ALL SECTARIAN QUESTIONS.

As this paper is untrammelled by any party association whatever, and uninfluenced by sympathy with the various sects and cliques of the day, its treatment of political and social ethics is free from all such bias as is prescribed by party lines, its sole criterion being that of strict justice and the true furtherance of the best interest of the largest number. Its purpose thus contemplates the intelligent and dignified discussion of public measures, at home and abroad, with a careful record of

COMMERCIAL AND FINANCIAL MATTERS.

Also, giving particular and constant attention to

LITERATURE AND THE FINE ARTS, MUSIC AND THE DRAMA,

In connection with a full and complete digest of the

NEWS OF THE DAY.

The correspondents of THE GLOBE have been carefully selected, both in Europe and America, for their intelligence, reliability, and the facilities they possess for transmitting the earliest and most important information, and their department forms a decided feature of the paper. Great care has also been observed in organizing the Editoral and Reportorial staffs of THE GLOBE, to combine such judgment and experience as shall redound to its intrinsic value and strict reliability. The general aim is to produce such a journal daily as shall find a welcome in both the counting-room and the home circle, and by consistency and fairness to challenge the respect of an intelligent public.

ADVERTISING TERMS—Ordinary advertisements 12½ cents per line, first insertion, afterwards 6¼ cents per line. BUSINESS NOTICES, before editorials, 50 cents per line, each insertion. SPECIAL NOTICES, on fifth page, 20 cents per line, each insertion. First, Fifth and Eighth pages, 12½ cents per line, each insertion. READING NOTICES on last page, 50 cents per line. (Agate measure.)

City Subscription, $12 per annum. To mail Subscribers, $10 per annum—or for a shorter period at the rate of $1 per month. Single copies, Four Cents.

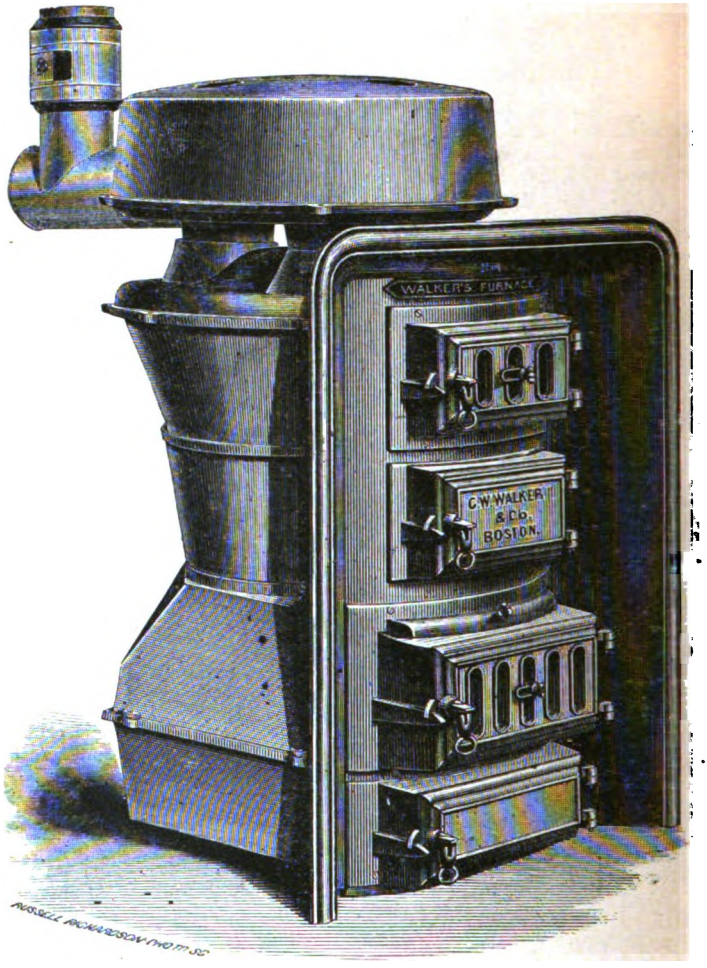
Tubular Dome Furnac



For *Simplicity* and *Completeness* of construction, this Furnace has no superior.

The *Dome* and *Tubes* are in *One Casting*, consequently, usual joints where *Gas* might pe cape are *Avoided*.

All of its parts are made with a view to *Durability and Efficiency*, and we confidently b this respect, it cannot be excelled.

Both Brick and Portable are now made with *Sifting Chamber* and receptacle for ashes beneat

We earnestly urge those desiring a furnace in all respects first class to examine the **WAL FURNACE** before purchasing.

Especial attention given to Heating and Ventilating Public and Private Buildi either with Furnaces, Steam or Water Apparatus.

The present Hospital was opened for the reception of patients Jan. 18, 1833. The buildings will accommodate 300 patients and their attendants. The present number of patients is 450. The average number during the past year has been 440. About fifty patients, with their attendants, can be accommodated in the houses on the new estate.

About 300 acres of land, including five farms, between Millstone Hill and Quinsigamond Lake, have been purchased by the Trustees for the new location of the Hospital. Cost about $100,000. The erection of a building for the accommodation of 550 patients will be commenced in the spring. The farm buildings are used for the accommodation of such patients as it may be desirable to remove there previous to the erection of the new buildings. The number of patients in the Hospital Oct. 1, 1871, was 421; admitted during the year, 443; whole number under treatment, 864; discharged recovered, 145; improved, 192; not improved, 48; died, 40; number remaining Oct. 1, 1872, 439.

Librarian—Samuel S. Green. Office hours, 10 A. M. to 1 P. M., 3 to 6 and 7½ to 8½ P. M.; Sunday 3 to 5 P. M.

Assistants—Sarah F. Earle, Jessie E. Tyler, and Clara S. Bemis.

The librarian and assistants are chosen by the Board of Directors.

Attendant on Sunday, Ellen L. Otis.

The circulating department of the Library is open for the delivery and return of books from 9 A. M. to 8 P. M.; Saturday, open till 9 P. M.

The upper Reading Room, which is the room of the Green Library, and the lower Reading Room are open from 9 A. M. to 9 P. M.

Sunday, the Green Library and both reading rooms are open from 2 to 9 P. M.

The circulating department of the Library contains about 10,400 volumes. These books can be freely used by citizens who have reached the age of fifteen years. Occasionally temporary residents are allowed the use of them, by giving satisfactory guarantees of their return.

There is an intermediate department of a few hundred volumes. Books in this department can be taken out under certain restrictions.

The reference or Green department, consists of about sixteen thousand volumes. These were, most of them, given to the City by the late John Green, M. D., or have been purchased with the income of the fund left by him to endow this department. By a condition of Dr. Green's will, they must be read in the building, every facility within the limitation of

the will being given for their perusal. Valuable books, on a great variety of subjects are to be found in this department. Special pains have been taken to collect Dictionaries and Encyclopædias in all branches of knowledge; and books likely to prove useful in developing the industries of the City, or in assisting mechanics, will be freely purchased in future as in the past. New York and Boston Directories, and late editions of comprehensive Atlases, can always be found in the Green Library.

A manuscript catalogue is kept, closely written up, for the use of book-seekers, and officers of the Library.

The books of the Worcester District Medical Society are kept in the Free Public Library building, and may be consulted on the same easy conditions which prevail in regard to the use of the Green Library.

The Reading Rooms contain one hundred and seventy-eight papers and magazines, American and foreign. These include Worcester, Boston and New York newspapers, and news sheets from various sections of New England, the West and South, and from the principal cities of Great Britain; also the principal literary and scientific journals, and the best of the magazines and reviews of England and America. German newspapers, a French review, and three Canadian papers, two in the French language, are subscribed for. A specialty is made in the Reading Rooms of papers and magazines which treat of mechanical and other useful applications of science.

The current numbers of Punch, the London News, the Art Journal, and other illustrated papers; also, bound volumes of the same can be seen here.

The Reading Rooms are supplied from the income of a fund of about eleven thousand dollars, subscribed by our citizens.

BOARD OF TRUSTEES.—*President*, Stephen Salisbury; *Secretary*, D. Waldo Lincoln; *Treasurer*, David Whitcomb; Seth Sweetser, George F. Hoar, H. K. Pervear, Chas. H. Morgan, Philip L. Moen, Edward H. Hall, Lucius J. Knowles. *On the part of the Board of Education*, William W. Rice; *ex-officio*, His Honor, Mayor Clark Jillson. FACULTY—*Principal and Professor of Chemistry*, Charles O. Thompson; *Professor of Theoretical and Applied Mechanics*, George I. Alden; *Professor of Drawing*, Geo. E. Gladwin; *Professor of Mathematics and Civil Engineering*, John E. Sinclair; *Professor of Physics*, Alonzo S. Kimball; *Professor of Modern Languages*, Edward P. Smith; *Instructor in Mathematics*, Thos. E. N. Eaton; *Superintendent of Machine Shop*, Milton P. Higgins. *(See business notice, pages 562 and 563.)*

The spacious and elegant buildings erected for the use of this new educational enterprise having been finished, the school was commenced on Tuesday, November 10, 1868. On the following day the edifice, "properly called BOYNTON HALL, in honor of the founder of the Institute," was dedicated by appropriate public services. The history of the origin and early progress of the Institute, has been given in previous numbers of the Directory, with lists of the principal contributors to its funds. A description of the buildings, &c., was printed in the Directory of 1869.

The object of the Institute is to furnish a training school for young men of moderate means, or even without means, in which they can receive an education in the branches not usually taught in high schools and academies, combined with practical instruction in the mechanical and scientific pursuits. Book learning is combined with trade learning, and the student receives the benefit of a school, and at the same time a thorough knowledge in the scientific part of the trade or profession he proposes to follow, inculcated by the practical application from day to day, in the machine shop or the laboratory, of the scientific facts obtained from books or lectures. The ultimate aim of the Institute is the eleva-

tion of the mechanic, by giving him thorough and complete scientific knowledge on which he may base his future work. It is intended that any graduate from the department of mechanics, shall be fitted to assume the responsibility of superintending any department of mechanical work to which he has turned his attention, and to understand not only its practical details, but also its scientific principles.

Any graduate from the department of civil engineering shall be qualified to do any work required of civil engineers, and any chemist or architect shall be ready for work required of them.

Instruction free to residents of Worcester county. To others $100 a year.

The school year is divided into two terms. Number of students 93.

CALENDAR.—School Year began, Tuesday, Sept. 10, 1872; Thanksgiving Recess, one week, November, 1872; First Semi-Annual Examination begins, Monday, Jan. 27, 1873; First half year ends, Saturday, Feb. 1, 1873; Examination for Apprentice class, Saturday, Feb. 1, 1873; Second half year begins, Tuesday, Feb. 18, 1873; Spring Recess, one week, May, 1873; Second Semi-Annual Examination begins, Monday, June 23, 1873; Summer Practice begins, Saturday, June 28, 1873; Commencement, Wednesday, July 30, 1873; Second half year ends, Wednesday, July 30, 1873; Examination for Admission, Tuesday, Sept. 9, 1873; The next School Year will begin, Tuesday, Sept. 9, 1873.

PLAN OF INSTRUCTION AND ORGANIZATION.

Instruction is given by recitations, practice and lectures.

RECITATIONS.—The classes recite in small divisions, and time enough is allotted to each recitation to secure the utmost thoroughness. The adjustment of the different elements in the course of study, and the time assigned to each, are set forth in the hour plan.

PRACTICE.—At the middle of the junior year, each student chooses a department, under the advice of the instructors, and from this time to the end of the course devotes to it his practice time of ten hours each week, and the whole of the month of July; the mechanical engineers in the shop, the architects in an architect's office in the city, the civil engineers in the field, and the chemists in the laboratory. All the students are required to attend these exercises.

LECTURES.—These are given by the professors and by non-resident professors, on various subjects. The students are in all cases required to pass an examination on the lectures.

EXAMINATIONS.—Written examinations are held twice a year, and the rank of the students is thus determined. Reports of these examinations are sent to parents and guardians. At the annual commencement the senior class is subjected to a public examination conducted by a committee invited from the community at large.

Worcester County Horticultural Society.—Organized in 1840. *President*, Geo. E. Francis; *Secretary and Librarian*, Edward W. Lincoln; *Treasurer*, Samuel H. Colton. The annual exhibition of Flowers and Fruits in Mechanics Hall, in September, has attracted much attention, and given a great impulse to the cultivation of good fruits in this vicinity. Within the last year the Society has been obliged to occupy Washburn Hall, exclusively for its display of vegetables. Exhibitions of Fruits, Flowers, &c., and conversations in relation to them are held in the Library room on Thursday afternoons, which have proved interesting and profitable to those who have found time to attend. A select library, of more than 1,000 volumes, is open to members Thursday afternoons. Officers elected on the first Wednesday of November.

The Worcester Co. Law Library Association.—(Composed of the members of the Bar of the County.) Library at Stone Court House. *Directors*, Joseph Mason, George F. Hoar, and T. L. Nelson; *Secretary and Librarian*, Joseph Mason; *Treasurer*, T. L. Nelson. The Library is one of the most extensive and valuable in New England, containing about 3,000 volumes. The books may be consulted by the citizens of the County as well as by the Court and Bar.

Worcester Co. Mechanics Association.—No. 341 Main st. Incorporated 1842. *President*, Dorrance S. Goddard; *Vice President*, Charles H. Fitch; *Clerk and Treasurer*, Wm. A. Smith; *Janitor*, Chas. W. Wentworth. Library open Monday and Wednesday evenings, and Saturday, afternoon and evening. Volumes in Library over 1,500. Reading room open every day and evening, Sundays excepted. A course of popular lectures is provided by this Association each winter, and an evening school of mechanical drawing is open to the apprentices of members during the winter. Annual meeting second Tuesday in April.

Worcester County Musical Association.—*President*, Samuel E. Staples, Worcester; *Vice Presidents*, Wm. Sumner, A. C. Munroe, B. D. Allen, Worcester; Hon. Wm. R. This Association holds an annual festival in Worcester, in October, the object and aims of which are: The improvement of choirs in the performance of church music; the formation of an elevated musical taste, through the study of music in its highest departments; and a social, genial reunion of all lovers of music. The festival continues five days, and four grand concerts are given, closing with the performance of one of the great Oratorios, in which the best artists of the country are secured for solo talent. The next session will begin, at Mechanics Hall, on October 6.

Wor. Dist. Medical Society.—Organized Sept. 26, 1804, as a subordinate society, under the Mass. Medical Society. The elements of this district organization have been in existence under another form since 1794. The officers of the Medical Society are: *President*, Dr. Thomas H. Gage, Worcester; *Vice President*, Dr. Benjamin H. Tripp, Rutland; *Secretary and Treasurer*, Dr. John G. Park, Worcester; *Librarian*, Dr. Lewis S. Dixon, Worcester; Annual meeting, second Wednesday in May. The Library of the Worcester District Medical Society was commenced in 1788, by the gift of "fifty pounds value in books," by Dr. Elijah Dix, of Worcester. It has since been largely increased by donations from physicians, and by the income of $6,000, bequeathed for the purpose, by Hon. Daniel Waldo. It contains over 4,000 volumes of the best medical and surgical works, to which additions are constantly made, and which may be consulted by citizens at the rooms only, in exchange for which privilege the city furnishes the free use of the room in the Public Library building.

FIRE ALARM TELEGRAPH.

Under charge of Joint Standing Committee on Fire Department.

Superintendent—William Brophy. Salary, $500. Office, Bigelow Court. Appointed by the Board of Fire Engineers.

The telegraph was constructed at a cost of $14,000, by GAMEWELL & Co., of New York, and was accepted by the city, July, 1871. Alarm is given instantly from the Alarm Boxes to the office of the Fire Department, to each of the engine houses, to the house of each engineer, and at the police office, the number of taps indicating the box from which the alarm is given. The taps can also be heard at each of the other boxes. Keys to the boxes are in the hands of the police, and the nearest responsible resident to each box.

EXPLANATION.—For a fire near Box 4, the bells will be struck 4 times, 2½ seconds apart; then after a pause of 20 seconds, 4 times again, and so on. For a fire near box 45, the bells will give 4 strokes, (for the tens), and after a pause of seven seconds, five strokes; to be repeated at intervals of 20 seconds.

WATER DEPARTMENT.

Under charge of the Joint Standing Committee on Water.

Office.—City Hall.

Water Registrar.—Geo. D. Davis; chosen annually in January, by City Council, in convention.

Water Commissioner.—Frank E. Hall; salary, $1,200. Office hours, 10 A. M. to 12½ P. M.; chosen annually in January, by concurrent vote of City Council.

WATER RATES.

The following annual rates are established by the City Council:—

Families.

Section 1. Families.—In dwellings occupied by one family, or more, for three persons or less in each family, five dollars; families of four and five persons, six dollars; and one dollar additional for each person over five in a family; provided, that dwellings occupied by a single family shall be charged not less than five dollars. In dwellings occupied by more than one family where but one faucet is used by all the families, fifty per cent. of the foregoing rates shall be charged to each family.

Boarding Houses.

Sec. 2. Boarding Houses.—Having a number exceeding ten persons in all, inclusive of the family, shall be assessed 75 per cent. of the foregoing rates.

Sinks and Basins.

Sinks and Basins.—All sinks more than two in general use shall be assessed one dollar each, and all wash basins in general use more than two, shall be assessed fifty cents each.

Water Closets.

Sec. 3. Water Closets.—In dwellings or tenements not including boarding houses, where only a single water closet is used, four dollars shall be assessed therefor, and for each additional water closet, two dollars shall be assessed.

Water Closets in Boarding Houses.—For one water closet, from five to ten dollars will be charged; and for each additional closet, three dollars.

Water Closets in dwellings, used in common by several families, from six to fifteen dollars, according to the number of families and persons using.

Baths.

Baths—In dwellings or tenements for a single bath tub five dollars will be assessed, and for each additional tub, two dollars.

In Boarding Houses, one bath tub from four to ten dollars; and for each additional tub three dollars.

Stores, Offices, Shops.

Sec. 4. For Stores, etc.—For each store, office, warehouse, machine or other shop or foundry, fifty cents shall be assessed for each individual using water in sinks and urinals, provided that no assessment on any such premises shall be less than four dollars.

Saloons, Markets.

For eating houses, fish and other markets, provision shops, refreshment or oyster saloons, or for purposes not included in any other classification, from four to fifty dollars.

For Water Closets in stores and eating houses, from three to ten dollars.

Persons counted.—In ascertaining the number of persons as a basis for assessments provided for in this and the preceding sections, children and servants shall be counted.

Stables.

Sec. 5. Stables.—Owners of stables where one horse is kept shall be assessed three dollars; where two horses are kept five dollars, and one dollar and a half for each additional horse.

Carriages.—Water will be allowed for washing one carriage for each horse kept without additional assessment.

Truck Horses.—Owners of stables where truck horses are kept shall be assessed one dollar each, provided that no assessment shall be made less than three dollars.

CALL ON P. J. TURNER & CO., WASHINGTON SQUARE, WHERE YOU WILL FIND EVERY DESCRIPTION OF LUMBER.

Digitized by Google

Cattle.—Owners of stables where neat cattle are kept shall be assessed one dollar for each.

Watering troughs in pastures, at such rate as may be fixed by the Committee on Water, based upon the use and location.

Hand Hose.

Sec. 6. Hose.—Hand hose in general use for washing windows, sidewalks, and store fronts, for twenty-five feet in length of sidewalk or front or less, four dollars; and for each additional five feet or fractional part thereof, eighty cents. For use of hose for sprinkling gardens or streets 5000 square feet or less, five dollars.

For all other uses of hose at such rates as may be fixed by the Committee on Water.

The use of all hose will be restricted as per section seventeen in "Rules and Regulations."

Metered Water.

Sec. 7. Metered Water.—Where the quantity of water used is determined by meter, the assessment per 1000 gallons shall be at the following rates:—

For 1000 gallons per day, or less, the sum of twenty-five cents per 1000 gallons.

For 1000 to 5000 gallons per day the sum of twenty cents per 1000 gallons.

For from 5000 to 15,000 gallons per day the sum of fifteen cents per 1000 gallons.

For all amounts to any single consumer over 15,000 gallons per day, at such special rates as may be fixed by contract with the Joint Standing Committee on Water, provided no such contract shall be made to extend over one year from the date thereof.

The City will set meters upon any premises where the Joint Standing Committee on Water determines so to do: and on all premises where the meters are set the owner of the premises will be held thereafter to pay the rate according to the foregoing schedule for the entire amount of water used upon such estate, irrespective of all under leases, or any individual consumer or individual consumers, upon such estates. Whenever a consumer shall prefer to pay the cost of such meter as shall be approved and set by the Joint Standing Committee on Water, together with the cost of the setting thereof and its maintenance thereafter, he shall pay rates thereafter by the foregoing schedule.

All meters set on private estates shall be subject to the inspection and control of the Water Commissioner, or such agent or officer as the Committee on Water shall designate to have the care and supervision of meters.

The officer whose duty it is to care for the meters in the City, or his agent, shall have free access at all times upon the premises of the owner thereof for the purpose of reading the meter, or he may remove a meter at any time for the purpose of testing the accuracy of its measurement, and when any meter shall be found incorrect in measurement, and unworthy further use, such meter so condemned will be replaced at once by one which is approved by the Committee on Water at the expense of the owner thereof.

Whenever any consumer elects to pay rate by meter, he shall ever after be held to pay rate thereby, until released therefrom by the Joint Standing Committee on Water.

Where the rate to any single consumer by any mode of assessment is over fifty dollars per annum, the Committee on Water may set on such estate a meter at the expense of the city.

The rate by meter measurement in all cases where they are used shall take precedence of all other modes of rating named in this Ordinance.

No meter will be allowed to be set or used on the Water Works, unless approved by the Joint Standing Committee on Water.

Sec. 8. Used by City.—Water supplied to the various departments of the city shall be assessed at the rate of fifteen cents per 1000 gallons, the amount to be charged to the Department so supplied.

Hydrants.—Hydrants set by the city shall be assessed twenty-five dollars each, but hydrants and fixtures set and maintained by individuals at their own expense, for the protection of their own property against fire only shall not be assessed.

EASTERN, WESTERN & CANADA PINE, by the Car or at Retail. P. J. TURNER & CO., WASHINGTON SQUARE, WORCESTER, MASS.

Sec. 9. Watering Streets.—Water supplied for the purpose of watering streets, shall be furnished by special contract with the Joint Standing Committee on Water, and no contract shall be made under this section for a longer period than one year.

Sec. 10.—Where no specific rates are fixed by this Ordinance for water, the Joint Standing Committee on Water shall have power to fix such rates.

REGULATIONS.

The following regulations are considered a part of the contract with all parties taking and using Water from the Worcester Water Works:—

Section 1. All service pipe and its appendages, laid in the streets, shall be furnished and maintained at the expense of the city.

Sec. 2. All pipes and their fixtures upon the premises outside of the buildings of any taker shall be furnished and laid by the city at the expense of said taker, who shall maintain and protect the same from frost and other injuries.

Sec. 3. No person shall permit or allow any waste of water, and no person shall supply another with water who is not entitled to use the same.

Sec. 4. Those who pay water rates shall be held by the Department liable for such repairs of the fixtures upon the premises occupied as shall be ordered, or made by the Committee on Water, to prevent waste of water.

Sec. 5. No damages shall be allowed any taker for shutting off water for the purpose of doing ordinary repairs on pipes, gates, hydrants, or other fixtures, or for adding and inserting new ones, or for changes of pipes, at any time, from one size to another, or for lowering and raising pipes in any street or highway; but twelve hours' notice shall be given to all takers before their supply of water shall be cut off, except in cases of great emergency.

Sec. 6. The Water Committee or any agent or officer authorized by them shall have access at all times to all premises where water is used, for the inspection of the condition of the fixtures, or setting, using or repairing meters, and also for cutting off the water from any delinquent taker by closing any faucet or cutting any pipe or pipes necessary to effect the object desired.

Sec. 7. No new fixtures shall be put in or alterations made in old ones by which the consumption of water is increased without the consent of the Water Committee. All plumbers doing business in the city shall, on the first of every month, make full returns to the Water Registrar of the character and description of all work done by them, connected with the Water Works, during the month preceding. Any failure to report when requested, or any intentional concealment of work done will subject the offender to a fine of twenty dollars for each offence.

Sec. 8. The regular Water Rates shall be payable annually in advance on the first day of June, at the City Treasurer's Office. On the tenth day of June annually, the City Treasurer shall send notice by mail or otherwise to all persons who have not then paid their bills for water, and all bills remaining unpaid on the twentieth day of June shall be sent out for collection, and ten per cent. additional shall be charged for collection.

The Assessment for 1873 shall be for fourteen months in consequence of the time of the assessment being changed from April to June.

Sec. 9. If bills for water are not paid on or before the tenth day of July, or if bills for service pipe or other materials and labor furnished remain unpaid for forty days, after notice from the City Treasurer that the bills are in his Office ready for payment, the delinquent shall be liable to have the water shut off from his premises upon order from the Committee on Water, and the water shall not be turned on again until all bills are paid, and in addition thereto, two dollars for the expense of shutting off and letting on the water.

Sec. 10. All applications for service pipe, or for the use of water, must be made in writing at the Of-

LUMBER AT WHOLESALE AND RETAIL AT CITY LUMBER YARD, WASHINGTON SQUARE, WORCESTER.

fice of the Water Registrar, by the owner of the premises or his agent, and must state fully and fairly all of the various uses to which the water is to be applied, and said owner will be held to pay all water rates upon said premises so supplied, irrespective of individual consumer or consumers or any tenant occupying the same.

Sec. 11. Whenever two or more several parties, or families, are supplied with water from the same service pipe, and any one of said parties refuses or neglects to pay the water rate when due, or to comply with the published rules and regulations, the Committee on Water may withhold all supply from such service pipe without liability in damages to either of the other parties, who may have paid his or their annual assessment.

Sec. 12. Water takers will be charged two dollars for shutting off and letting on water at the street mains for the purpose of repairs or extensions of services upon their premises. Water takers will be charged for all services rendered upon their premises for thawing out frozen pipe, or repairing the same in any manner, or for removing obstructions from their pipes. Twenty-four hours notice will be required for letting on or shutting off water. Plumbers are hereby prohibited from opening or closing any service stop at the mains without permission from the Committee on Water.

Sec. 13. The construction and location of private fire and other hydrants or fountains shall be subject to the approval of the Committee on Water, and no charge will be made for water used from hydrants for fire purposes exclusively.

Sec. 14. All injuries to service pipe or street mains caused by careless undermining, and repacking of the earth so excavated, for the purpose of putting in any sewer, drain or other pipe, or any excavation by which any pipe, hydrant or other fixture shall be exposed, shall be chargeable to the person authorizing or causing such injury, and the expense of repairing the same shall be charged to such person, and may be recovered in an action of contract.

Sec. 15. No person shall tap any street main or service or other distributing pipe without authority so to do from the Committee on Water.

Sec. 16. No person except a fireman in the legitimate discharge of his duties as a fireman of the City of Worcester, shall open any hydrant, or stop cock without the consent of the Committee on Water; and no person shall place any building material or other article, or rubbish of any kind, on any hydrant, stop cock or other fixture, so as to hinder the free access to and use of the same.

Sec. 17. The use of hose for washing windows and sidewalks, sprinkling streets or gardens, will be allowed, not exceeding two hours per day—one hour before eight o'clock A. M., and half an hour between twelve and and one, and half an hour after six o'clock P. M. The use of hose in the public streets will be restricted to the hours above given.

STATE MUTUAL

LIFE ASSURANCE COMPANY,

OF WORCESTER, MASS.

ISAAC DAVIS, - - - *President.*

CLARENDON HARRIS, - - *Secretary.*

H. M. WHEELER, *Assistant Secretary.*

J. D. E. JONES, *Superintendent of Agencies.*

CHARTERED 1844.

PRINCIPLES:

CASH in all business.	ECONOMY in management.
CARE in the selection of risks.	ANNUAL DIVIDENDS of surplus.
PRUDENCE in investing the premiums.	COTRIBUTION plan of distribution.

NON-FORFEITURE of policies secured by the law of Massachusetts.

A **FULL EQUIVALENT** to the policy-holders for every dollar paid to the Company

Intelligent persons will insure in the Company which uses in expenses the LEAST and reserves for the policy-holders the MOST, of what is paid into the treasury.

According to the Massachusetts Insurance Commissioner's Report, 1869, the ra of expense to total income in the STATE MUTUAL was 45 PER CENT. LESS than t average ratio of the same in the 55 companies doing business in the State.

THE INTEREST ALONE received on the invested Funds of the Company in t last ten years has paid the losses by Death during that period, and thirty-five (3 per cent. of all other expenses. What other Life Company can show as good record?

OFFICE,

No. 405 Main St., Clark's Block, Worcester.

Where shall I Insure?

1st. In an old company, because being old, a very large part of its receipts cost it but little in the way of commissions and charges.

2d. In an ENTIRELY MUTUAL COMPANY, because ALL its surplus is divided among the insured, and each individual gets his insurance at its ACTUAL COST, paying no toll to stockholders.

3d. Where the surplus is divided upon the CONTRIBUTION PLAN, the only method whereby strict justice is secured to all the insured.

4th. Where dividends are PAID ANNUALLY, at the beginning of the second year.

5th. Where POVERTY, MISFORTUNE, SUDDEN SICKNESS OR FORGETFULNESS, will not lead to the loss of a policy; but where every man is honestly given the insurance that he honestly pays for.

6th. Where the number of insured is so great that the law of average mortality will apply.

7th. Where a man desiring to discontinue payments on his policy, can ascertain the value thereof, from *an independent authority*, viz: The Insurance Commissioner of the State.

8th. Where THE STATE DOES NOT TAX THE BOND AND MORTGAGE INVESTMENTS OF THE COMPANY, but allows ALL the interest to accumulate for the benefit of the assured.

9th. Where one can be perfectly secure that THE PERSON HE DESIRES TO BENEFIT WILL CERTAINLY RECEIVE THE PROCEEDS OF THE POLICY.

EXAMPLES OF CASES OCCURRING IN THIS COMPANY

UNDER THE

MASSACHUSETTS NON-FORFEITURE LAW.

MARTIN W. O'GRADY, of Worcester, Mass., insured Oct. 8th, 1867, under Pol. No. 16,662, for $2,000, giving one third loan note and paying *semi-annually*; his policy lapsed Oct. 8th, 1869. He died June 5th, 1870, *eight months* after the premium was due and unpaid. The whole amount of the policy, less unpaid premiums, was promptly paid under the non-forfeiture law.

FRANCIS W. NICHOLS, of Manchester, N. H., insured May 24th, 1861, under Policy No. 5,738, for $2,000, giving one-third loan note, and paying annually. His policy lapsed May 24th, 1867. He died July 24th, 1869, *two years and two months* after the premium was due and unpaid. The whole amount of the policy, less unpaid premiums, was promptly paid under the non-forfeiture law.

The Connecticut Mut. Life Insurance Co.

OF HARTFORD, CONN.

Is a corporation composed entirely of its policy-holders, conducted solely for their benefit and with a view to furnish life insurance at the lowest attainable cost.

There are no Stockholders to receive any part of the premiums, but these are carefully and profitably invested for the benefit of the members only, and returned to them in payment of their policies or as surplus, without any deduction except for necessary expenses.

These expenses have, from the beginning, averaged less in this than in any other company.

The rate of interest earned on its investments has averaged higher than that earned by other Co's.

Its investments have been of the highest and most available character.

As a result of its economical management, high rate of interest, low rate of mortality and the absence of any loss upon investments, the *Connecticut Mutual Life Insurance Company* is believed to have furnished insurance at a lower cost than has been done by any other similar institution in this country.

ELLIS & LADD'S

PATENT WINDOW FRAME,

Patented Dec. 26, 1871.

This is an invention whereby both sash to a window may be removed from the frame in a moment's time, without removing either Stop or Parting Bead, thus saving all defacing of the paint or finish.

It supplies a want long felt, and is approved by all who see it.

It costs no more than the ordinary frame, and can be applied at small cost to frames already made, or buildings already finished.

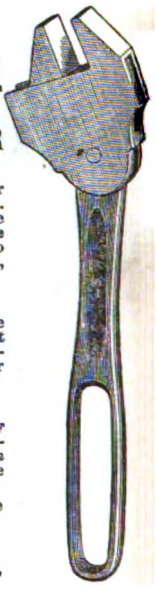
Witt's Patent Self-Adjusting Fork Wrench.

Patented July 16th, 1872.

WITT'S PATENT SHANK LASTER

Patented July 16th, 1872.



THIS WRENCH is entirely different from any other in the market. It adjusts itself as soon as applied. The more strain put on it the firmer it holds and the moment the strain is taken off it relieves itself. The solid jaw is fitted with teeth (not shown in the cut), so it can be used for all the purposes of a *common wrench*, and also for a *pipe wrench*, thus combining

TWO WRENCHES IN ONE.

THIS SHANK LASTER can be made to fit any size last by the set-screw and holes, shown in the cut. It is perfectly adapted to the purpose for which it is intended. It also has a *Burnisher* attached to the inner handle below the set-screw. Thus combining

TWO TOOLS IN ONE.

FOR EASE OF APPLICATION and READINESS OF OPERATION the above inventions CANNOT BE EXCELLED. While the fact that they each combine *two tools in one*, brings the PRICE VERY MUCH LESS than the same tools can be purchased separately.

☞ ***Agents Wanted*** to introduce the above in every State, County and Town in the Union.

POPULAR PATENT MEDICINES OF THE DAY.

We pay particular attention to the selection and purchase of the Native ROOTS, BARKS, BERRIES, GUMS, LEAVES AND FLOWERS of our Country; and our customers will find our stock fresh and of the best quality.

Physicians' Prescriptions Carefully Compounded.

Proprietors of Dr. NEWTON'S

Cough & CROUP Balsam,

For the Relief and Cure of *CROUP*, INFLUENZA, BRONCHITIS, *Whooping Cough, Common Colds, affecting the Lungs and air passages, and Long Standing Coughs.* For *CROUP* it is especially efficacious, causing the patient to throw off the large quantities of Phlegm that accumulate in so short a time, and thereby giving immediate relief; when without such a remedy at hand, the patient might suffocate and die before a physician could be present.

NO MEDICINE YET PRODUCED is EQUAL to IT FOR THE DISEASES FOR WHICH IT IS DESIGNED. TRY IT.

Put up in Twenty-Five and Fifty Cent Bottles.

SOLD BY APOTHECARIES and COUNTRY MERCHANTS GENERALLY.

ALSO, PROPRIETORS OF

BUSH'S LIVER PILLS!

THESE PILLS are ENTIRELY VEGETABLE,

And we wish it to be distinctly understood that we recommend them ONLY for diseases of the LIVER and those diseases resulting from inactivity of that organ.

The complaints caused directly by inactivity of the Liver, are Piles, Sick Headache, habitual Constipation, and some forms of Dyspepsia and Dropsy.

One 25 cent box will convince any one troubled with a Torpid Liver of all we say. TRY THEM.

Sold by all Apothecaries and Country Dealers.

Thanking our customers for their very liberal patronage for the past Twenty Years, we trust by honorable dealing and strict attention to the wants of our patrons, to receive their continued confidence.

All orders received will be attended to with care and dispatch.

WARREN'S
Not Poisonous Hair Restorer.

The Hair needs proper nourishment for a healthy growth and lively color, and it should receive the same through its roots derived from the system; but it does not frequently, owing to a diseased condition of either the Hair itself, the Roots or Scalp. Consequently the Hair does not receive the proper amount of coloring matter, and then it TURNS GRAY; or again, it is wiery, harsh, or dry; all owing to not receiving a proper amount of nourishment. Now this nourishment is offered in a NOT POISONOUS form of a RESTORER. No Nitrate of Silver, Sugar of Lead, Lac Sulphur, &c.; perfectly harmless. It is clear, don't smell bad, linen is not soiled; in fact, it is the HAIR RESTORER long wanted, and at last found. The Lac Sulphur and Sugar of Lead preparations make the Hair look coarse, rough and harsh; a person using them can easily be detected; but by the use of the NOT POISONOUS it looks fine and glossy and in good healthy condition, and it cannot be detected, except by the great beauty of the Hair which it produces.

Nos. 87 and 91 Summer Street.

PECIAL NOTICE.—Having made arrangements with Messrs. Allen, Shapleigh & Co., of Boston, a supply of their celebrated

CROWN TEAS,

hall hereafter keep a full assortment of these excellent goods on hand, including every variety of

GREENS, BLACKS AND JAPANS,

supply customers with any desired quality at the very lowest prices, with no extra charge for canisters. Having tested these goods very carefully, and satisfied ourselves of their well-erved merit, I do not hesitate to recommend them as

Strictly Pure, Strong and High Flavored Teas.

The unquestionable convenience and value of the canister will become apparent to every housekeeper, as they afford a certain protection against exposure, and consequent loss of flavor and strength, of the Teas. We give an unqualified guarantee with every pound of Crown Teas, and purchasers are requested to return them and have their money refunded, if they do not prove satisfactory.

PORTABLE OR BRICK.

NO GAS. NO WASTE OF FUEL.

I would respectfully call the attention of the public to the new furnace called the "Peerless," which contains more valuable and meritorious points than any furnace yet offered to the public. Among the advantages it has over all others the following may be named:

It possesses more radiating surface than any other Furnace.
It is very durable.
It is adapted to low cellars.
It is made exclusively of cast iron.
Its several parts are of uniform construction, and connected in such a manner that the contraction or expansion cannot in the least manner strain the iron or joints, and, therefore, leakage of gas is impossible. This is a very important improvement, and Letters Patent have been obtained for it.
Every part of the furnace is guarded against the collection of soot to obstruct the direct heat upon all parts.
It is made of PURE PIG IRON, and warranted not to crack.
It is made in the most perfect manner, special pains being taken to have the joints tight, and the doors, dampers and registers fitted in such a manner, that the furnace can be easily and perfectly controlled.
It is very simple in construction.
An even temperature can be obtained the entire season, without difficulty.
It is very heavy, and made for a first-class furnace in all respects.

I have taken the Agency, and now offer for sale the "PEERLESS" FURNACE, believing it will take the lead of any Furnace in the mart.

TAFT'S
Fancy Towel Bracket.

(Patent Pending.)

This Bracket is manufactured from the best quality of MALLEABLE IRON, and put together in a thorough and workmanlike manner.

It is made so that the arms can be detached from the back-plate if required for cleaning or moving.

It can be repaired without any trouble, as you have only to turn the screw out of the frame to liberate all three arms. If one should get broken you can replace it without the aid of a machinist.

The wood arms are held in place by a strap socket, which enables you to insert a screw or tack in the wood arms, between the iron straps, making it doubly secure.

THEY ARE UNIVERSALLY LIKED.

Warranted to be the best Machine for working mouldings ever invented, being constructed in every particular for convenience of adjustment and durability, and having many new and valuable improvements, among which may be mentioned the location of the under cutter at the end of the Machine, where it is easy of access, the hinging of upper pressure surfaces so they can be removed in a moment's time. The tying of upper cylinder boxes together by the yoke running *underneath* the bed of Machine, instead of over the top, thereby giving perfect freedom of access to the cutters, as well as always keeping the bearings in line, &c. Also, Sole Manufacturer of

Patent Self-Oiling Circular Saw Arbors, with Patent Adjustable Cone Bushing, so that saws with various sized holes can be used on the same arbor; Saw Gumming and Sharpening Machines. Also, Manufacturer and Dealer in all kinds of *WOOD-WORKING MACHINERY AND IRON TOOLS.* Address

THE CEMENT PIPE PATENT'S ASSOCIATION

Drain, Sewer and Culvert Pipe,

3, 4, 5, 6, 8, 9, 10, 12, 15, 18 and 24 Inch Bore.

THEY stand the most severe tests of Acids, improve in strength with age and use, are more perfect in their interior finish than any other Pipe made, and are lower in price; extensively adopted by eminent Hydraulic Engineers. They are largely used for sewerage purposes in Brooklyn, Central Park, New York, Albany, Jersey City, Elizabeth, New Haven, Hartford, Boston, Springfield, Lowell, Rochester, Buffalo, Navy Yards at Brooklyn and Washington, and for Culverts under heavy Railroad embankments.

Patent Hydraulic Cement

Why is Cement Pipe better than other materials that have always been used for such purposes? 1st.—They do not corrode and rust out like cast-iron, nor decay like wood and clay structures. They are smoother interiors than brick, give less friction, greater flowing capacity of the same callibre, less liable to get obstructed with sediments, more durable, require less time and excavating to lay them, which is of great importance in business streets, and where trenches are liable to cave; they can be laid by any *laborer* of good judgment and care; in case they prove too small for the demand, they can be taken out and relaid elsewhere, without injury to the pipe. 2d —They are from 25 to 50 per cent. cheaper, taking into consideration all of the above points.

The continual repairing of other drains and sewers often amounts to more than the cost of the Cement Pipe, which is a practical, durable and sure thing; also, it improves with use and age.

References can be made to those that have given it a test, to more than thirty railroad companies, five hundred cities and towns, one thousand manufacturers and business firms, and fifty thousand private individuals.

This pipe, which has acquired an extensive use and reputation, is made only of the best Rosendale Cement and Gravel, and in the most thorough, faithful and workmanlike manner. For cheapness, quality, perfection and variety, it is unsurpassed.

Also, Mason and Builder.

Sand furnished in any quantity and delivered to any part of the City.

COOKE'S PATENT
EXTENSION DIVIDERS.

Improved Patent Attachment of Movable Point.

PATENTED DECEMBER 12, 1871.

MANUFACTURED BY

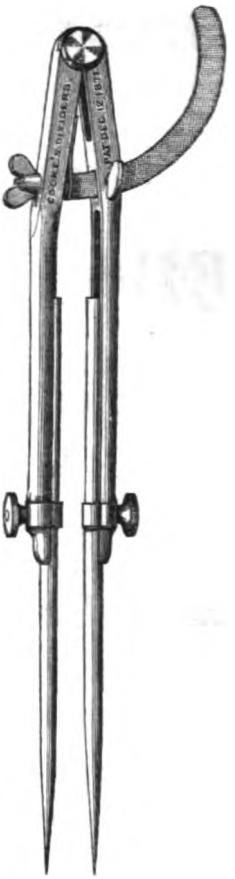
A. A. & G. L. COOKE & CO.,

WORCESTER, MASS.

ORDERS FILLED BY

S. W. COOKE, 442 MAIN ST.,

Of whom Price-Lists and Circulars may be obtained.



THESE DIVIDERS will commend themselves at sight to every practical mechanic. They answer all the purposes of the common Dividers; and the MOVABLE POINT renders them of advantage, many times, over the old style.

A Pencil can be used in place of the Movable Point,

and they are thus made to answer all the purposes of DRAFTING DIVIDERS.

Draughtsmen, Joiners and Carpenters,

and all who have occasion to use Dividers will find these to excel in utility, the old style.

Six different sizes are made, all having the pencil leg. The larger sizes are particularly adapted to meet the wants of wheelwrights, carriage makers, stair builders, bonnet block or pattern makers, or any work requiring a large sweep or size, or unusual length of legs. Caliper points are made for 10 in.—15 in.

They may be obtained of Hardware Dealers throughout the country.

No. 3 **No. 4.**

Represents the 6, 7, 8 and 10 inch sizes, with one movable leg that can be lengthened or shortened, as need requires; or can be substituted for the pencil when desired.

The Attachment that holds the leg or the pencil, secures the leg firmly, is easily adjusted, and is readily used.

No. 4

Represents the 15 and 10 inch sizes, each with double legs or movable points. The 10 inch becomes 15 inch, and the 15 inch becomes 20 inch, merely by the adjustment of the legs.

WORCESTER, MASS.

MANUFACTURERS OF

THE GENUINE

COES'

SCREW

WRENCHES.

Our goods have been very much improved recently,

By making the Bar Wide,

As shown in the cut, which makes a

12 Inch Wrench as strong as a 15 inch

Made in the ordinary way; and by using

A. G. COES'

PATENT

Lock Ferrule,

Which cannot be forced back into the handle.

☞ Our goods are manufactured under Patents dated February 7, 1860, (reissued June 27, 1871,) March 6, 1866, and May 2, 1871, and any violation of either will be *vigorously prosecuted.*

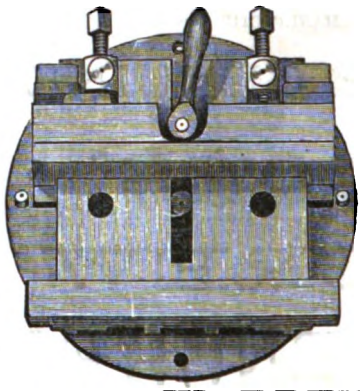
Planer Chucks & Centres,

NO. 31 HERMON STREET, WORCESTER, MASS.



Proprietors and sole Manufacturers of

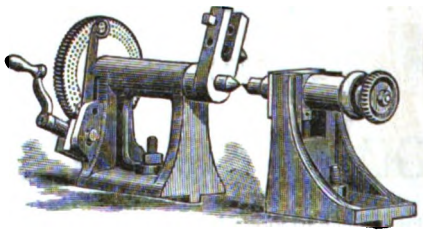
WARREN'S PATENT

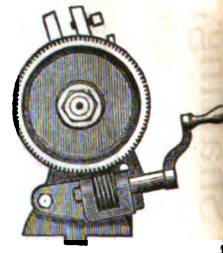
PLANER CHUCK.

THIS CHUCK is being extensively used as a matter of economy. It has a greater combination of essential devices than any offered to the public. The sliding jaw is gibbed and fitted on in such a manner as to conform to regular or irregular pieces. Simply by operating the handle, the jaw can be slipped to any desired place with ease and accuracy. The pins are moved from hole to hole, as may be desired. There is also hardened steel blocking, so arranged that when desired one or more pieces can be turned in the path of the screws, thus avoiding the ordinary delay in securing the work.

For large or circular pieces, the jaw can be slipped off, and the pins adjusted so as to have direct bearing on the work. It has also a right angle on the back to strap flange pieces to.

The bed piece has a wrought iron tongue attached so as to swivel at any desired point. It is cored out so that the dirt and chips fall out of the way, which, together with its being built of the best material and by first-class workmen, makes it a very superior and economical tool to purchase.





Also, Manufacturers of

Improved Planer Centres.

The improvement claimed is in the device for dropping the worm out of gear, as in many cases it is not needed, thereby saving time. The Dials are so drilled that they are calculated to plane any shape that is generally required, and for fluting taps, reamers, &c. They are made of the best material—Spindles and Screws are Steel. They are built by experienced and careful workmen, making them superior to any thing of the kind offered in market.

We have now manufactured the Hand Ratchet Press for many years, and it has proved itself adapted to the wants of manufacturers to a certain extent, but we have for a long time felt the increasing want of a press which would save the time of the number of men necessary to work the hand press, and which should be suitable for those mills not requiring a Hydraulic Press. We now offer to our patrons, as the result of our experiments in this direction, **our Patent Combined Hand and Power Screw Press,** which combines all those qualities which are necessary to make A PERFECT PRESS.

THE WORCESTER PALLADIUM.

(ESTABLISHED IN 1834.)

Office No. 9 CENTRAL EXCHANGE, 311 MAIN STREET, WORCESTER, MASS.

THE PALLADIUM is not a hastily-prepared off-shoot of a Daily paper; but aiming to be

CORRECT AND RELIABLE,

It seeks to avoid the necessity of taking back, one day, what it said the day before. The News for its columns is carefully culled from day to day; its Miscellaneous articles are selected with great care, that nothing shall be published that will be offensive to good taste or sound moral sentiment. In fine, it is designed that THE PALLADIUM shall be a pains-taking, reliable

FAMILY NEWSPAPER,

Commenting freely, but honestly, upon the occurrences and projects of the times—and sustaining, as best it can, those Principles and Measures, that have triumphed in the election of a Republican President, whose Administration the whole people, of all parties, have a special interest to know and support.

THE PALLADIUM will, as heretofore, be

Published Every Wednesday Morning,

In season for the first mails of that day—thereby enabling all subscribers in the County, (to whom it goes free of postage,) to receive it at an early hour of the same day.

A NEW VOLUME

Was commenced on the first of January, 1873, and the following are the Terms on which the paper will be furnished to subscribers, who may commence their subscriptions at any time in the year.

PAYMENTS TO BE MADE IN ADVANCE.

One Copy, one year, . . .	**$2.00**
Five Copies to one Address, or five subscribers,	**8.75**
Ten Copies to one Address, or ten subscribers,	**15.00**

AND ONE COPY FREE TO THE GETTER-UP OF THE CLUB.

Subscriptions and all communications to be addressed to the subscriber.

ESTABLISHED 1768.

JOHN PRESTON,

MANUFACTURER OF

PREMIUM COCOA AND BROMA, VANILLA, SWEET FRENCH AND AMERICAN

CHOCOLATES,

Office, 162 State Street, Boston.

PRESTON'S

Pure Cocoa Butter,

PRESTON'S

Patent Solidified Extract of Cocoa,

OR COCOA BUTTER,

FOR DISEASES OF THE THROAT, LUNGS, &C.

(Extracted and prepared only by John Preston,)

No. 162 State Street, - Boston.

[The Cocoa Butter is a solid oil extracted from the cocoa, or chocolate nut. It has been highly recommended by many physicians in Boston and vicinity, some of whom have made use of it as a substitute for Cod Liver Oil, for which purpose it has been used, to a considerable extent, in Great Britain. The peculiar pleasant taste of the chocolate is retained by the method of preparation; and while other fatty matters create disgust, this may be freely eaten by invalids without the slightest nausea. It is highly recommended by public speakers and singers for the ease and relief it gives to the throat and lungs.

As an external application for irritation of the skin it is invaluable.]

FOR LUNG COMPLAINTS.

For Lung Complaints, used in place of Cod Liver Oil, it has many times been found effectual, and by its blandness and freedom from rancidity it can be used when the patient has become disgusted with some inferior Cod Liver Oil which he has chanced to take.

DIRECTIONS.—For diseases of the throat, a piece the size of a bean, or larger, should be allowed to melt in the mouth. For outward applications, apply directly to the parts inflamed.

FOR PILES.

It is unequaled by anything known for relieving this troublesome disorder.

☞ SEND FOR A DESCRIPTIVE PAMPHLET. ☜

Preston's Breakfast Cocoa.

THIS COCOA is now being used as their habitual morning beverage by many families who have never used Cocoa before, and is fast winning favor with the public.

THIS IS THE BEST TOILET SOAP.

A. A. CONSTANTINE'S

Persian Healing

OR

PINE TAR SOAP.

None Genuine unless stamped A. A. Constantine's Persian Healing, or Pine Tar Soap, Patented March 12, 1867.

For the Toilet, Bath and Nursery, this Soap has no equal. It preserves the complexion fair, the skin soft, flexible and healthy. It removes all Dandruff, preserves the hair soft and silky, and prevents it from falling off.

To guard the people against fraud and deception by unprincipled men, the portrait of A. A. CONSTANTINE, and his signature in a fac-simile of his handwriting, will appear on all our circulars and fancy boxes.

IT CURES

Pimples on the Face, Cracked or Chapped Hands,

SALT RHEUM, FROSTED FEET, BURNS, FRESH CUTS, OR

Wounds of all kinds,

All Diseases of the Scalp and Skin,

AND IS A GOOD SHAVING SOAP.

WHAT THOSE SAY WHO USE IT.

Baldness Cured.—I can recommend your Persian Healing Soap for Baldness. It is bringing my hair in beautifully. I consider it the best Hair Renovator in use.
M. H. COMBS, 218 Atlantic Street, Brooklyn, N. Y.

United States Senator PRICE, of Iowa. writes, "I prefer it to any soap I ever used."

The wife of the Master Mechanic of the Oil Creek and Alleghany River Railroad lost all, or nearly all, of her hair about two years ago. She used a cake of your SOAP at my request, and her hair commenced to grow. And now, after using three cakes for her hair, she has the best and handsomest head of hair in the town, except one. She would not be without the Soap, even if it cost $1 a cake. Send me one gross of the Soap.
CORRY, PA., Sept. 27, 1870. MRS. M. M. PARSONS.

The wife of the Rev. N. BROWN, twenty years a missionary in Southern Asia, writes from Jersey City, N. J., to A. A. Constantine & Co.: We have been using your SOAP in our family for toilet purposes, and find its healing and cleansing qualities so far exceed our expectations, or anything of the kind that we have ever used before, that we cannot do without it. Indeed, we find it the household remedy for almost everything. If we get a bruise, cut, or burn, the resort is immediately to the CONSTANTINE SOAP, and in some cases the cures have been wonderful.

A. A. CONSTANTINE & CO.,
